

LET THE BLOGS BEGIN . . .

Interestingly, Wilbraham United Church has two of our younger members abroad. Both are maintaining *blogs* -- a frequently updated personal journal at a Web site, intended for public viewing.

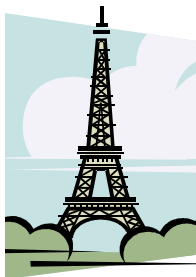

Katie Stiefel, daughter of Connie and Joseph Stiefel, is in India, doing a semester abroad study program for her degree from Illinois

Wesleyan University. She is majoring in International Studies with a concentration in developing countries and a minor in health

and chose India for her study area because it would present more challenge than other choices.

Also abroad are **Jennifer (Stephenson) Gawlik** and her husband, **Matthew**. Jennifer is the daughter of Andrea and Joseph Stephenson, and she and Matthew were married last September. Both are musicians and are spending a year in France.
