*A note from
Pastor Chip*

Dear Church Family:

Hallelujah!

What a joy and a blessing it was to gather together again and say those beautiful words: He is risen! What a gift and a delight it was to worship together in person and celebrate the resurrection. What a pleasure it was, what a relief it was, to see so many smiling eyes as Paul and I led our Easter Sunday service in front of over 90 of you on our front lawn.

Hallelujah!

It was a beautiful morning, full of love and grace and hope. And we are excited to have many more in front of us. As infection rates fall and vaccination rates rise – I'm typing this with a sore arm of my own from receiving the vaccine a few days ago – we will have many more opportunities to be with one another, in worship and fellowship, extending our hospitality and expanding our discipleship.

Hallelujah!

Yet, even as we return to the building and return to our routine, we should remember the lessons we have learned and the ways in which we have changed. We should embrace the things we have accomplished and the obstacles we have overcome. We should not simply "go back to the way things were" but discern for ourselves what we are being called to be in this time of coronavirus resurrection. We have been changed by what we have experienced, what we have missed, what we have learned, and we should take the time to acknowledge what we have lost and celebrate what we have gained.

Hallelujah!

In the season of Easter, our Gospel stories are filled with stories of the risen Christ appearing to his disciples. Sometimes – often – they do not immediately recognize Jesus. It is only when he does something familiar to them that their eyes are opened and they see their friend and teacher standing in front of them, and they believe. They overcome their doubt. They overcome their fear. They embrace the truth of the new life they have been invited to live.

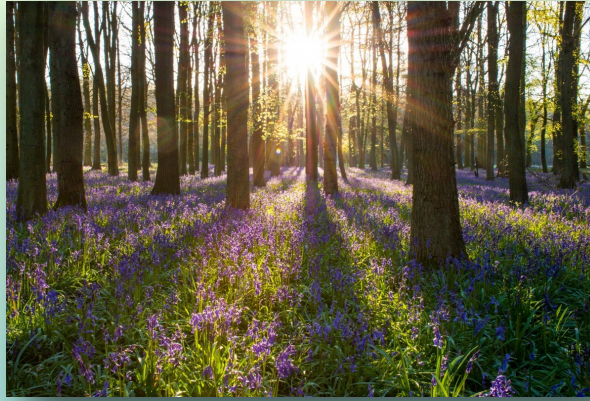

Hallelujah!

Let us take this season to mourn what we have lost, but celebrate what we have found. Let us take this time to note the ways in which this pandemic has changed us and remade us. Let us take this season to look within and around ourselves to see where God is calling us to go and who God is calling us to be. Let us live as a people resurrected along with Christ and invited into new life with Christ: grateful and gracious, loving and merciful, joyous and blessed.

Hallelujah!

Blessings, Pastor Chip

A note from Rev. Paul

Happy Easter! It was an absolute joy to celebrate with our church on the front lawn and on Facebook Live on Easter Sunday. The past six months at school have allowed me to become very familiar with hybrid learning as well as hybrid worshipping. I look with great anticipation to an extended form of in-person worship on the front lawn at the end of April through the early summer.

As we continue to gather for worship during the Easter season, both online and in person, our Gospel lessons will include encounters the disciples and a few others have with the Risen Christ. We begin with Jesus' first appearance to the disciples who were hiding in the Upper Room in fear for their lives. They had witnessed firsthand the persuasive power of the Sanhedrin when they wanted to get rid of Jesus. Perhaps, in an effort to assuage their fears, the Risen Christ chose to appear to his disciples.

It was in this Upper Room, in their time of need, that the Apostles encountered the Risen Lord. I truly believe that we, too, encounter the Risen Lord in our daily lives. We encounter Christ in our family members, our co-workers, classmates, neighbors, medical professionals, service people, etc.; the list is exhaustive! Let us continue to treat each person we encounter in the same manner and reverence with which we would treat the Risen Christ.

May we all recognize our encounters with the Risen Christ this Easter Season, especially when they may try our patience. In that case, maybe they need to encounter Christ in us! Alleluia!! Christ is risen, indeed!

Peace and love,

Paul

Jesus Christ is Risen Today, Alleluia

So this is Holy Week, typically the longest week of the year for church musicians. We fret and prepare and rehearse and hope our meager offering can convey the gravity of Maundy Thursday and Good Friday. I'm reminded of the line from the hymn, "...were the whole realm of nature mine, that were an offering far too small..." And then there's Easter. It's presumptuous to expect to match the glory of the event, Jesus Christ rising from the dead, the cosmic veil pulled back revealing a glimpse at the answer to the greatest question in history. For me, preparing for Easter is like cooking pasta. Bear with me now. You look at the suggested serving size or maybe use one of those nifty plastic pasta measurers, you know, the one with the varying hole sizes, and after you look at the amount of spaghetti you've measured out; you say to yourself, "Well that's not enough." So you throw in another handful.

What gift can convey the joy of this day? Maybe the crocus and budding trees do a good job of providing a metaphor. The green blade rising from the buried grain does a good job of it, but I can't. But then the inevitable happens; we experience a mini- miracle; it's one of those "the whole is more than the sum of its parts" moments. Two or more of us gather and our words and music almost don't matter because the experience of realization looms larger. The sheer exhilaration of the coming warmth and sun and growth and hope and promise renders the physical secondary. The energy is real and palpable, and that spirit lifts us and carries us to a new place again and again. It's fresh like Spring and all we want to do is sing....."Alleluia, Alleluia, Alleluia."

Conservation Update: Executive Summary

Since the start of our conservation program at Wilbraham United Church (WUC) three years ago, we have saved \$13,579 by reducing fuel, electricity, and water/sewer usage. This is a win-win result because it provides more money for worthwhile programs, and it reduces the church's carbon footprint. In effect, this savings can be viewed as a unique pledge to the church which continues year after year, and increases in value as the prices of fuel, electricity, and water/sewer usage increase.

The solar panels on the south-facing roof of the sanctuary recently reached the first anniversary for power production on February 24, 2021, and the total power produced by that date missed the targeted value of 25,500 kilowatt hours by only 202 kilowatt hours. If February had not been an "outlier" with frequent snow deposits on the panels and lots of cloudy days, the total kilowatt hours produced would have exceeded our target value. Because of the effect of the Covid 19 shutdown, and further conservation measures instituted after we contracted to install the solar panels, the church only used 63.7% of the electricity produced. As a result we have a credit for the power we did not use.

The cost of the solar panels was financed by a loan which was arranged so that the monthly payments on the loan would be roughly equal to the average cost per month of electricity before the panels were installed. ONCE THE LOAN IS PAID OFF, OUR SAVINGS PER YEAR WILL INCREASE DRAMATICALLY. ANYONE WHO MIGHT WISH TO SHORTEN THE TIME BEFORE THAT HAPPENS, CAN DO SO BY MAKING A DONATION TO HELP REDUCE THE PRINCIPAL. DOING SO WILL PROMOTE YOU TO THE LEVEL OF ARCHANGEL!

In the future, it is reasonable to explore the possibility that we can significantly reduce our use of fuel by installing highly efficient devices called mini splits to heat and cool all of the church except the sanctuary and Fellowship Hall. Electricity already generated by our solar panels will provide a portion of the energy needed to operate the mini splits. Mini splits are already heating a significant portion of the Nursery School, and newer models are now available which are more efficient than the ones we already have.

The knowledge we have generated by the conservation program at our church, and at Judy and Rich Hoffman's home is quite valuable, and the payback times on the investments required as a whole are generally quite short. At the Hoffman's home, the amount of electricity used has dropped from 12,000 to 1,900 kilowatt hours per year, and the amount of oil required to heat the house has dropped from 1,500 to 400 gallons per year even though we increased the size of our home by 33 percent. ALL OF THIS WAS ACCOMPLISHED WITHOUT FREEZING IN THE DARK, and the amount of money saved this last year is \$2929 (electricity) plus \$3904 (heating oil) for a total of \$6833. For someone with a top incremental federal tax bracket of 12% and a state tax rate of 5%, the \$6833 saved would be equivalent to \$8233 of earned (taxable) income. Likewise, for someone with a top incremental federal tax bracket in the next higher level (22%), the \$6833 saved would be equivalent to \$9360 of earned (taxable) income, etc.

A VERY SIGNIFICANT MISSION for our church could be to develop a program that would help other churches and families do similar things. It is likely that WUC could get financial help for a program like this through GoFundMe.

Conservation Update: Details

To see how much our conservation efforts have reduced the expenses realized by the church, data from the WUC annual reports listed in the table below give us the information needed. Since our conservation efforts were first initiated very near the end of 2017, I chose 2017 as the representative year for our expenses prior to the start of the program.

 Fuel, Electricity, and Water/Sewer Expenses at WUC Versus Year

	2016	2017	2018	2019	2020
Fuel	\$14,315	\$14,169	\$12,713	\$11,876	\$10,859
Electricity	\$6,497	\$7,313	\$5,684	\$6,555	\$5,364*
Water & Sewer	\$5,469	\$5,469	\$5,194	\$4,649	\$4,380
Sum	\$26,281	\$26,951	\$23,591	\$23,080	\$20,603
Savings compared to 2017			\$3,360	\$3,871	\$6,348

Sum of savings (2018 - 2020) = \$13,579

* The cost for electricity, listed in the table for 2020, is actually the amount of the payment on the loan we received for the solar panels and their installation, plus the cost of the electricity we used before the panels began generating electricity on 2/24/20, and the cost of the flood light which illuminates the playground on the south side of the church.

The cost per therm of natural gas remained nominally the same during the heating seasons from 2016 through 2020. Similarly the cost of electricity per kilowatt hour from 2017 through 2019 remained nominally the same. Most likely the latter was the result of a negotiated price. Water/sewer prices also remained constant. However, whenever prices for these items increase in the future there will be a hidden benefit from our conservation measures. i.e., if we had not reduced our use through conservation measures, the cost would increase each time prices increase.

We will take them for you!

Masks worn by all please!

Outdoor Worship Instructions beginning Apr. 25th

The service will begin at 10am. Please try to arrive by 9:45 so we can be seated and ready at 10.

Masks are required at all times, except when actively partaking in communion.

For those able to navigate stairs, please park in the rear parking lot off Woodland Dell, and bring your chair (and mask!) to the Narthex/ Sanctuary entrance.

At the top of the stairs, an usher will hand you a bulletin for the service. In the narthex, an offering plate will be available for all who wish to make a donation or fulfill their pledge. (Soon, we will also have a place to write down prayer requests.)

Please exit toward the lawn through the front narthex door, where you will receive communion elements.

Walk down the paved path, past the bell, and find a spot on the lawn to place your chair, trying to maintain a safe and appropriate distance from others.

If you are unable to navigate stairs, we will have assistance with parking on Main St. and ushers available to distribute bulletins and communion as you enter.

Join us in praise and thanks, as we worship together!

At the conclusion of worship, both doors that face the lawn will be open. Please exit through the door closest to your vehicle and try to keep six feet back from the group in front of you as you leave.

Additional information

All services will still be available on Facebook Live each week!

Please dress for the weather, not the occasion!

Church School will take place during the service.

UPCOMING EVENTS

Every Tuesday during Lent, Bible Study Happy Hour met on Zoom to discuss Amy-Jill Levine's book *Sermon on the Mount* – a deep dive into Chapters 5-7 of the Gospel of Matthew. As part of that discussion, our participants created their own Beatitudes, based on those found in Matthew 5:1-13 and informed by our own conversations and experiences.

Beatitudes, by (some of the) Bible Study Happy Hour Participants:

Blessed are the anxious for they will find peace.

Blessed are the lonely for they will find solidarity.

Blessed are they who send Birthday Cards for they embrace the Community.

Blessed are the Health Care Workers for they inject Hope.

Blessed are the weak for they shall be strengthened.

Beginning on April 13th, Bible Study Happy Hour will begin on a new book. Howard Thurman's *Jesus and the Disinherited*. Thurman was an ordained minister and professor at Howard University and Boston University from 1932 to 1965. *Jesus and the Disinherited* has been cited as a foundational work by Martin Luther King, Jr and many others.

If you are interested in joining us at Bible Study Happy Hour as we read through and discuss this important book, please email or call Pastor Chip to get the Zoom link, and we will see you on Tuesday nights after Bedtime Bible Stories!

Outreach

Are you looking for another way to serve your church, God, and community?

Consider supporting Loaves and Fishes!

Every third Thursday of the month at 11 am volunteers from this worthwhile ministry gather to deliver dinners and desserts to the South Congregational Church in Spfld. Stuart Johnsen makes casseroles while additional volunteers make cakes and transport the food. In usual circumstances, the food is served by members of this mission to those in the community who are underserved and unhoused. Currently due to the Coronavirus pandemic, our volunteers are not serving the food.

If you are interested in baking casseroles or in a larger role in Loaves and Fishes, please contact Stuart Johnsen.

Please contact Judy Hoffman if you are interested in baking or Nancy Peck to assist with transporting food. If you are interested in making a donation, please send to WUC with Loaves and Fishes on the envelope.
